

Scalper Aspirators

. . . Proven to out perform the rest

Bench Industries has been manufacturing quality separation equipment for over 25 years. We have developed a low cost high quality machine to remove trash & dust from products to prepare products for processing & storage.

The scalper screen is the tri-bar material for longer wear life and with the variable speed control is easily changed for a wide variety of products ie. (corn, wheat, alfalfa, canola, & recycling plastics.)

Model Shown is SA-2472

The aspirator system uses the technology from our air screen machine and has more CFM than any other machine on the market.

Standard Features:

- * Tri-bar material for longer wear
- * Open circuit design
- * Feed hopper access panels
- * Adjustable feed gate
- * Adjustable air bleed-in
- * Air liftings discharge from either
- * Aspiration velocity control
- * Variable speed frequency drive

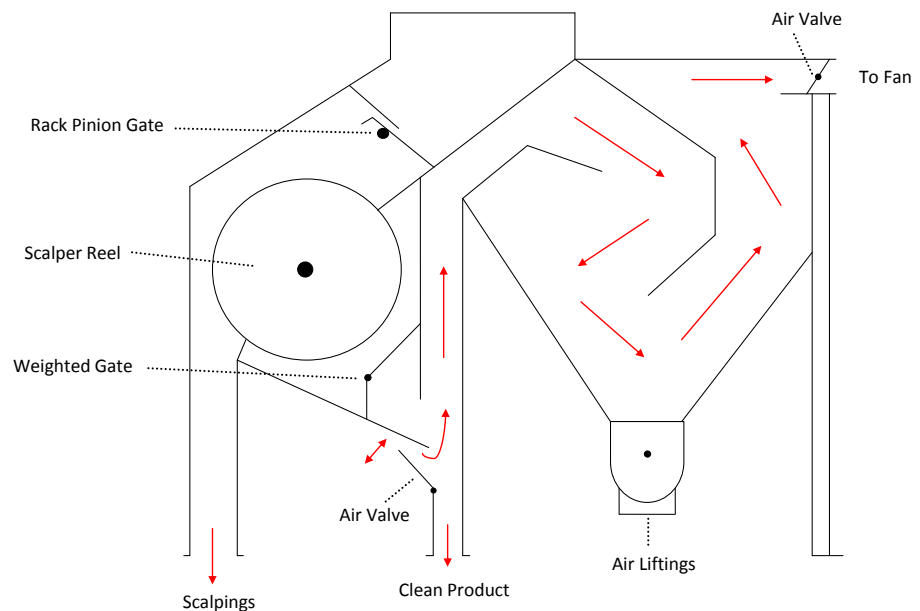

Scalper Aspirators

... Proven to out perform the rest

Sample of products our aspirator will clean proficiently ...

- ◆ Beans
 - ◆ Wheat
 - ◆ Peas
 - ◆ Oats
 - ◆ Cereals
 - ◆ Sunflower Seeds
 - ◆ Plastics
 - ◆ Other products
- ◆ Corn
 - ◆ Soybean
 - ◆ Barley
 - ◆ Nuts
 - ◆ Grasses
